ABSTRACT: A scientific based research in this article focus that Egyptian great Pyramids were constructed for communication purpose and served as RF Antennas for remote controlling of **SUN, EARTH, MOON** from **MARS** Planet just like our television is operated through remote. The Prehistoric human populations lived in **MARS** planet shall be considered as **super scientists** and expert in Astronomy, Astrophysics, Engineering Architect might have constructed the huge Pyramid structures without any difficulty. This research focus that **MARS** shall be considered as main switching centre (**MSC**) Energy centre and the Great Pyramid shall be considered as "**Main Earth Station**" and other **three** associated nearby pyramids on the same line of axis shall be considered as Base Terminal stations (**BTS**) for independently controlling the axial position of **SUN, EARTH, MOON**. It is speculated that the **positional control** of **SUN, MOON** also might have been done from **EARTH Planet** as **SUN, MOON** are not influenced with Negatively charged "**Electron Particle**". It is focused that the Great pyramids might have been constructed with Prehistoric "**J-Technology**" derived from **Akkie Principles**. It is speculated that thousands of other "**So called Pyramids**" existing in other part of world shall not be considered as Real Pyramids within the scope of **Pyramid definition**. It is speculated that the outcome of this research shall provide solutions to existing current problems and theories related to Human **ancestor, Missing link, Mystery of crop circles** formation etc.

A scientific based research in this article focus that Egyptian great Pyramids were constructed for communication purpose and served as RF Antennas for remote controlling of **SUN, EARTH, MOON** from **MARS** Planet just like our television is operated through remote. The Prehistoric human populations lived in **MARS** planet shall be considered as **super scientists** and expert in Astronomy, Astrophysics, Engineering Architect might have constructed the huge Pyramid structures without any difficulty.

This research focus that **MARS** shall be considered as main switching centre (**MSC**) Energy centre and the Great Pyramid shall be considered as "**Main Earth Station**" and other **three** associated nearby pyramids on the same line of axis shall be considered as Base Terminal stations (**BTS**) for independently controlling the axial position of **SUN, EARTH, MOON**.

It is speculated that the **positional control** of **SUN, MOON** also might have been done from **EARTH Planet** as **SUN, MOON** are not influenced with Negatively charged "**Electron Particle**".

It is focused that the Great pyramids might have been constructed with Prehistoric "**J-Technology**" derived from **Akkie Principles**.

It is speculated that thousands of other "**So called Pyramids**" existing in other part of world shall not be considered as Real Pyramids within the scope of **Pyramid definition**.

It is speculated that the outcome of this research shall provide solutions to existing current problems and theories related to Human **ancestor, Missing link, Mystery of crop circles** formation etc.

*"Great Pyramids may be world wonder to the modern human, but not to Prehistoric **Marshal**" who lived in **MARS Planet**"*

- Author

It is focused that the Prehistoric advanced Technology, knowledge was lost as Marshal was **extinct** during the course of expanding universe.

1. CONCLUSION

Great Pyramid still exists. But electromagnetic link to **MARS** energy centre is

delinked. Future research has to be undertaken for restoring the symmetry of base of Universe to over come all the present day climate changes issues.
