vrhemalatha58@gmail.com

1. Abstract:

This Scientific research focus that the “Cosmo Universe” Considered like a “MIGHTY HUMAN” lying on the floor facing upwards having stretched hands and legs and caring for His Children with “Sleepless eyes” which act as Encode / Decode logic system for the **sustainability** of Universe.

(ANCIENT COSMO LOGIC LOGO)

[M. Arulmani, B.E., V.R. Hema Latha, M.A., M.Sc., M. Phil. **Human Equivalent of Cosmo?** *Academ Arena* 2014;6(5):73-78]. (ISSN 1553-992X). <http://www.sciencepub.net/academia>. 8

2. Key Words:

J-Heart, J-Point, J-Gate, Energy centre, Plasma zone, 3G Galaxies, Tripod foundation pillar, Dark logic (Spirit)

3. Introduction:

It is focused that Every human shall be considered like “**IMAGE**” of Cosmo Universe and the **Upper Zone** of Human shall be considered as “**COSMO**” and **Lower Zone** of Human shall be considered as “**UNIVERSE**” where all Matters of Universe like planets satellites, Comets, living organisms shall be considered exist. Both the Upper zone, Lower zone shall be considered separated by thin zone called as “**ENERGY CENTRE**” (Diaphragm) or “**J-Point**” which considers Transforms energy for sustainability of Universe. The Energy centre shall be called as “**JOULE**” (or) “**SOUL POINT**” or “**J-SOUL**”.

(JOULE)

4. Hypothesis

a) Philosophy of “J-Heart”?...

It is hypothesized that “**J-HEART**” of human shall be considered as “**White Hole Zone**” and soul of

“Virgin light” (or) “White Spectrum” responsible for equilibrium and sustainability of Universe. The **white energy** shall be considered as “**REAL**” and shall be represented mathematically represented as below.

It is hypothesized that in the **expanding Universe Variant** in **electro magnetic energy constants** (**permeability, permittivity, reflectivity**) shall be considered as “**IMGAE**” of “**JOULE**” represented in **Universal Mathematics** as below.

(i)

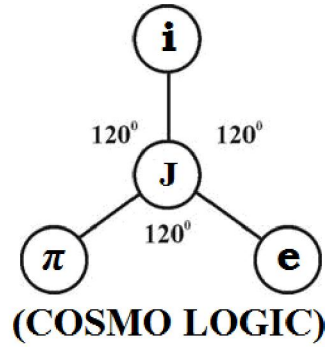

(ii)

$$\mathbf{j} = \sqrt{-1}$$

b) Philosophy of Tripod foundation?...

It is hypothesized that **SUN, EARTH, MOON** shall be considered as “**Three organs**” of “**Mighty human**” which acts as Tripod foundation of Universe. The **Mighty human** shall also considered like “**GIANT PYRAMID**” of **Cosmo Universe**. The sun is like “**Dark logic**” (**Heart**), Earth is like **Left hand**, Moon is like **Right hand**. The three organs of **Mighty human** shall be represented in **Universal Mathematical constants** as below.

- (i) Dark logic - “**i**”
- (ii) Left hand - “**e**”
- (iii) Right hand - “**π**”

In the early universe the above three parameters shall be considered as highly symmetric and its value as “**Real**” and **Rational** members and shall be mathematically represented as below.

(REAL and RATIONAL)

In the expanding universe the philosophy of “**Dark Logic**” shall be considered as variant and **Image of Joule** and shall be mathematically represented as below.

(i)

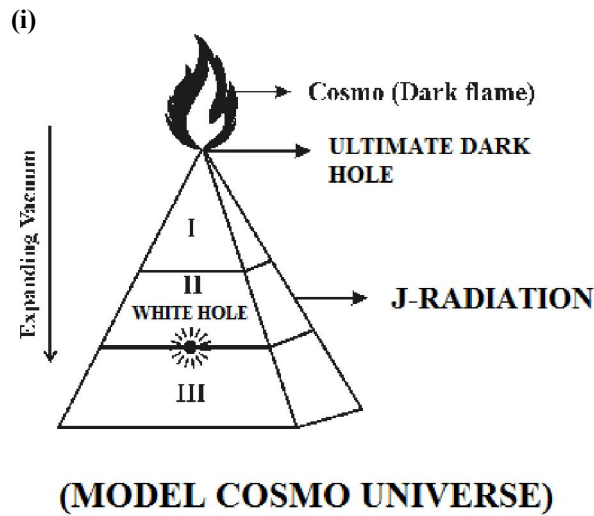

(IMAGE)

(ii)

$$\mathbf{i} = \sqrt{-1}$$

c) Philosophy of 3G galaxies?...

It is hypothesized that during **expanding universe** three distinguished **galaxies** of matters shall be considered formed in “**three nuclear age**” due to transcendal variation among the mathematical constants **i, e, π**, say **Blue galaxy** due to dominance of “**i**”, **Green galaxy** due to dominance of “**e**”, **Red galaxy** due to dominance of “**π**”. The “**Plasma zone**” (**Immune Zone**) shall be considered as “**Transformation Barrier**” (or) **Regulator** of “**Energy Centre**” and considered as responsible for evolution of “**various species**” to the fundamental “**genus matters**” (**virgin white matters**).

e) **Human is image of “Cosmo”?...**

It is hypothesized that every human shall be considered “**Image of Joule**” (Cosmo energy) embossed with natural “**J-CODE**” (Navel & Nipples)

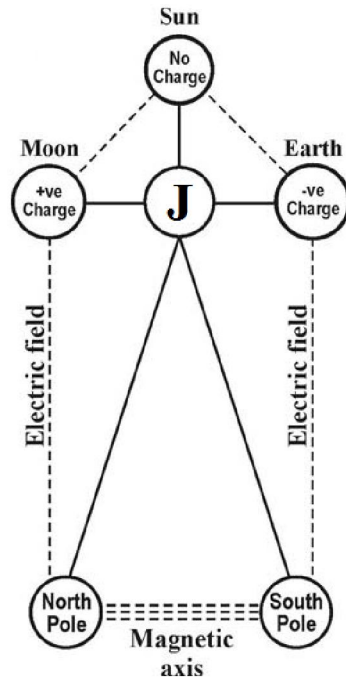

(i)

(ii)

d) **Egyptian Great Pyramids are Image of Cosmo?...**

It is hypothesized that the Egyptian great pyramids shall be considered as **Human made pyramids** in Ancient time for Cosmo energy transfer purpose and however the existence of “**Huge mountains**”, on Earth planet shall be considered as “**Image of cosmo pyramids**” (Crop circle of Cosmo).

Further the cosmo universe shall be translated in terms of “**HUMAN EQUIVALENTS**” as below. The human shall be considered as contain two zone say **upper zone** (cosmo) **lower zone** (Material universe) separated by “**DIAPHRAGM**” (Energy transfer J-Point). The diaphragm shall also be called as **SOUL POINT** of human which connects **heart, lungs, brain**.

Sl.No.	Human organ	Mathematical Constant	Cosmo equivalent
1)	Soul (J-Point)	j	White Energy, White hole (Joule)
2)	Heart (logic)	i	Sun (Dark Logic)
3)	Left hand	e	Earth (Dark energy)
4)	Right hand	π	Moon (Dark matter)
5)	Upper stomach	-	Plasma zone of Universe
6)	Lower Stomac	-	Three galaxies of Universe
7)	Right leg	-	Clockwise spin
8)	Left leg	-	Anticlockwise spin
9)	Eyes	-	Encode/Decoder
10)	Blood	-	Logic flow media

f) Case Study on Human diaphragm, J-Point

Case Study shows that the diaphragm is the central muscle of human body, the principal muscle of human breathing. It almost completely separate the body in **HALF** from top to bottom. Ancient Greece called the diaphragm Phrenos “The Unity of all possibilities of human expression”.

Further case study shows that **J-Point, J-Wave** are closely associated with electrocardiography of human heart function. In electrocardiography the **ST segment** connects the **QRS complex** and T wave and has duration of 80 – 120 milliseconds in brief J-Point shall be considered as junction between QRS complex and ST segment.

Schematic representation of normal ECG, with ST segment in purple. J point is the point where

red and purple segments overlap

It is hypothesized that the soul of every human on the Earth planet shall be considered as centrally connected to “**J-POINT**” (white hole zone) of material Universe. Further it is stipulated that in the expanding Universe the **heart pulse rate** of human shall be considered as consistently variant in three nuclear age. It is further speculated that the ancient human probably might have had 60pps and might be increased to the level of 90pps in modern time. It is speculated that the variation in standard pulse rate shall be considered as dependent on principal mathematical constant i , e , π and variation in energy level of Cosmo energy j (**joule**). The Philosophy of human heart pulse shall be considered as **NEUTRINO PULSE** (also called as Neutrinity) derived from fundamental particle of “J-Radiation” (Virgin light).

**5. Conclusion:**

It is focused that every human shall be considered as “image” of “**COSMIC HUMAN**” being regulated by encode / decode level of “**eye blinking**” every second based on “**radiation exposure**” according to **varied environment** for sustainability of human.

It is further focused that the material Universe (integral part of Cosmo Universe) shall be considered like a “**COSMO MOTHER**” (Sleepless mother and having no eye blinking) and all human on Earth planet shall be considered as “**CHILDREN**” of Cosmo mother and connected to “**HEART**” of Cosmo mother.

**(COSMO MOTHER)****6. Previous Publication:**

The philosophy of origin of first life and human, the philosophy of model Cosmo Universe, the philosophy of fundamental neutrino particles have already been published in various international journals mentioned below. Hence this article shall be considered as **extended version** of the previous articles already published by the same author.
