**Abstract:** Global level scientists still could not conclude about the origin of “Y-chromosome” which considers responsible for identity of “MALE GENDER”. This scientific research focus that “EGG” (Ekki-e) shall be considered descended from “AGG” (Akki-e). “AGG” shall mean “NATURAL WHITE MATTER’ derived from ‘J-RADIATION’ (Zero hour Radiation). During expanding universe “EGG” shall be considered derived from AGG. The AGG shall be considered as “Treasure” called by author as “GEM” (created soul). The “EGG” shall be considered as “RESOURCE” called by author as “GIM” (Transformed soul).

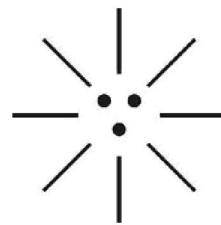

[M. Arul Mani. **Episode-44 (Philosophy Of “Agg”) In Search Of “Y-Chromosome”?....** *Academ Arena* 2015;7(10):46-47]. (ISSN 1553-992X). <http://www.sciencepub.net/academia>. 11

**Keywords:** Global level; scientist; Y-chromosome; MALE GENDER; AGG; GEM (created soul).

Global level scientists still could not conclude about the origin of “Y-chromosome” which considers responsible for identity of “MALE GENDER”.

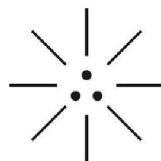

This scientific research focus that “EGG” (Ekki-e) shall be considered descended from “AGG” (Akki-e). “AGG” shall mean “NATURAL WHITE MATTER’ derived from ‘J-RADIATION’ (Zero hour Radiation). During expanding universe “EGG” shall be considered derived from AGG. The AGG shall be considered as “Treasure” called by author as “GEM” (created soul). The “EGG” shall be considered as “RESOURCE” called by author as “GIM” (Transformed soul). The philosophy of AGG, EGG shall be distinguished as below.

(ii)

**EGG  
(Resource)  
(GIM)**

(i)

**AGG  
(Treasure)  
(GEM)**

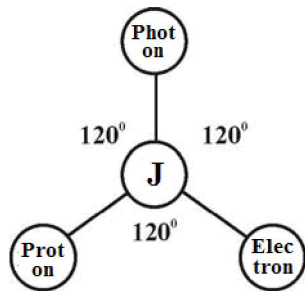

*“ANGELS” shall be considered as born of “AGG”. ANGELS shall be considered as “MISSING LINK” of Human ancestor having distinguished characteristics and capable of “FLYING”.*

*- Author.*

It is further hypothesized that “AGG” shall be considered as composed of three-in-one fundamental particles **PHOTON**, **ELECTRON**, **PROTON** derived spontaneously due to Impact of “**J-RADIATION**”. The **PHOTON** shall be considered as responsible for origin of “**Y-chromosome**” and **PROTON**, **ELECTRON** shall be considered as responsible for origin of two distinguished form of “**X-CHROMOSOME**” having varied genetic characteristics.

#### b) Philosophy of Two Ovaries?...

It is hypothesized that the existence of “**Two ovaries**” exist in female gender shall be considered as the source of two distinguished form of “**X-Chromosome**” say “**X1**”, “**X2**”. The combination of these chromosome with Y-Chromosome of male gender (Y1, Y2) may lead to selectivity of particular gender within the UTRUS say male gender (or) Female gender of reproductive organism as narrated below:

**AGG**  
**(Created Soul)**

- i) **PHOTON** – Responsible for “**Y-Chromosome**”
- ii) **ELECTRON** – Responsible for “**X1-Chromosome**”
- iii) **PROTON** – Responsible for “**X2-Chromosome**”

- i)  $X2 + Y2 = X2Y2$  (*Female*)
- ii)  $X1 + Y1 = X1Y1$  (*Male*)
- iii)  $X1 + Y2 = X1Y2$  (*Trans Female*)
- iv)  $X2 + Y1 = X2Y1$  (*Trans male*)

- Author.

#### **DEDICATIONS**

*This scientific research article titled as “AGG” is dedicated to “Shri. Narendra Modi”, Honourable Prime Minister of India on his birth anniversary being observed on “17th September” to commemorate the great evolution theorist “CHARLES DARWIN”.  
Congratulations Sir...*
