

The Journal of American Science

Call for Papers

The new international academic journal, “*The Journal of American Science*” (ISSN: 1545-1003), is registered in the United States, and invites you to publish your papers.

Any valuable papers that describe natural phenomena and existence or any reports that convey scientific research and pursuit are welcome, including both natural and social sciences. Papers submitted could be reviews, objective descriptions, research reports, opinions/debates, news, letters, and other types of writings that are nature and science related.

This journal will be supported by manuscript contributors. To cover the printing cost, this journal will only charge authors the actual printing fee (about US\$30 per printed page). At least one hard copy of the printed journal will be given to each author free of charge. Here is a new avenue to publish your outstanding reports and ideas. Please also help spread this to your colleagues and friends and invite them to contribute papers to the journal. Let's work together to disseminate our research results and our opinions.

Papers in all fields are welcome, including articles of natural science and social science.

Please send your manuscript to editor@americanscience.org
