

CONTENTS

1	Phytochemical Evaluation of some Anti-malarial Medicinal Plants used in the Dangbe West District of Ghana. Achel Daniel Gyngiri, Asase Alex, Akwetey George Ashong Adu-Bobi Nana Adu-Kobi, Adaboro Mba Rudolph, Donkor Shadrack Achoribo Elorm Seyram Fianko Joseph Richmond	1-7
2	Fermentation dynamics during production of <i>ogi</i>, a Nigerian fermented cereal porridge. Omemu, A.M.	8-17
3	Assessing Adult characteristics and Compared with children Khatereh siyar, Ghasem Nikbakhsh and Mehdi Nazarpour	18-22
4	Distance education: its role in improving adult education Mohammadreza Ghaffari, Khatereh siyar and Abbas Emami	23-29
5	Lesson Plans for Adults: methods and challenges Sharareh Khodamoradi and Mohammad Abedi	30-35
6	Assessing of Adult Teaching Principles Mohammad Abedi	36-42
7	Some Andragogy assumptions and its technological concepts Sharareh Khodamoradi and Mohammad Abedi	43-47
8	Information Amount and Entropy of Black Holes(BH) M_b and its Hawking Quantum Radiation(HQR) m_{ss} == The total information amount I_m of a BH of M_b, $I_m = 4GM_b^2/C$. The minimum information unit I_0 of any m_{ss} of any BH included $M_{bm} = m_p$, $I_0 = \pi h/2\pi = 1$ bit .The entropy S_{Bbm} of $M_{bm} = m_p$, $S_{Bbm} = \pi$. The total entropy S_{BM} of a BH of M_b, $S_{BM} = (\pi/I_0) I_m = (\pi/I_0) \times 4GM_b^2/C = 2\pi^2 R_b^2 C^3/hG$== Dongsheng Zhang 张洞生	48-51
9	Post Harvest Microbial Deterioration of Tomato (<i>Lycopersicon esculentum</i>) Fruits Matthew, Titus	52-57
10	Hiv/Aids Scourge: A Threat To Health And National Development. Muhammad Sanusi Abdul (Ph.D)	58-64
11	Staphylococcus aureus-induced Otitis media in the General Hospital Maiduguri, Nigeria and Antibiotic susceptibility patterns of the Aetiological Bacterial Agent. Lamido T. Zaria, Ibrahim A. Raufu, Linda C. Osaji	65-69
