

CONTENTS

1	The Microbiological Assessment of Ready-To-Eat-Food (Shawarma) In Port Harcourt City, Nigeria Odu NN and Akano UM	1-8
2	Isolation and Identification of <i>Candida albicans</i> and <i>Staphylococcus aureus</i> from Oral Swabs among Primary School Pupils in Uzuakoli, Abia State, Nigeria Mbakwem – Aniebo C, Odoemelum HA and Okonko IO	9-16
3	Growth and Yield of Cassava (<i>Manihot esculenta</i> Crantz) As Influenced By The Number Of Shoots Retained Per Stand On An Ultisol A. O. Ikeh; N. U Ndaeyo; E. I. Udoh; K. O. Iboko ; P. I. Udounang	17-20
4	Ecological Studies on Food and Feeding Habits and Daily Feeding Time Schedule of Rhesus Monkey, <i>Macaca mulatta</i> (Zimmermann, 1758) Girish Chopra and Ajay Kumar	21-25
5	MICROBIOLOGICAL QUALITY OF UNTREATED AND SALT-TREATED OGI (AKAMU) KEPT AT ROOM TEMPERATURE MBAKWEM- ANIEBO C. AND UDEMGBA G.	26-29
6	Integrated Constructed Wetland for Nitrogen elimination from Domestic Sewage: The case study of Soba rural area in Khartoum South, Sudan John Leju CELESTINO LADU; Martin Kajokare LOBOKA; Yatta S. LUKAW	30-36
7	Nutritional Evaluation of Some Products from Ber Fruits Helmy, I. M. F., Wafaa, M. Abozied and Nadir, A	37-46
8	Effect of pH on Hatching Success and Larval Survival of African Catfish (<i>Clarias gariepinus</i>) Ariole Caroline Nchedo, Okpokwasili Gideon Chijioke	47-52
9	Isolation and characterization of thermotolerant and halotolerant aerobic bacterial that produce biosurfactants and degrade petroleum hydrocarbons from produced water discharge point Chuma Okoro, Akhil Agrawal and Cameron Callbeck.	53-62
10	The Speed of Light is not the Greatest in the Universe! Salah Eid	63-65
11	Development of Disease Forecasting Model for Leaf rust of Mulberry (<i>Morus alba</i> L.) of Dimapur of North East India S. K. DUTTA, M.K.GHOSH, A.BORAH, B.B.BINDROO	66-69
12	Immune Response of Fish to Viral Infection Adedeji BO, Onianwa O, Okerentugba PO, Okonko IO	70-76
13	Physico-chemical Quality of a Yoghurt-Like Product from African Yam Bean Odu NN and Egbo NN	77-84
14	Microbiological Quality of Soy Milk produced from Soybean using different methods Odu NN and Egbo NN	85-93

-
- | | | |
|-----------|---|----------------|
| 15 | <i>Plasmodium falciparum</i> and HIV- 1/2 Co-infection among children presenting at the Out-patient clinic of Oni Memorial Children Hospital in Ibadan, Southwestern Nigeria
Okonko IO, Adejuwon AO, Okerentungba PO, Frank-Peterside N | 94-100 |
| 16 | The Circle as the Heart of Ancient Egyptian Geometry
Salah Eid | 101-102 |
| 17 | SYNTHESIS, CHARACTERIZATION AND ANTIMICROBIAL STUDY OF MIXED ISONIAZID-PYRIDOXINE METAL DRUG COMPLEXES.
Bamigboye M.O, Obaleye J.A, Lawal M. and Yakubu A. | 103-105 |
| 18 | Smart System For Teaching Stiffness Method For Structural Analysis Of Truss
A.E. Bakeri | |
| 19 | Potential Longevity of Maize Seeds under Storage in Humid Tropical Seed Stores
Oyekale, K. O.; Daniel, I. O.; Ajala, M. O. and Sanni, L. O. | 114-124 |
| 20 | Multidrug Resistant <i>Escherichia coli</i> O157 Contamination of Beef and Chicken in Municipal Abattoirs of Southwest Nigeria
Isaac Olufemi Olatoye, Elizabeth Adesola Amosun, Gabriel Adetunji Ogundipe | 125-132 |
| 21 | Parents' Behavior towards Their Children and Its Relationship to Prep- Stage Students' Motivation for Achievement in Menoufia Governorate
Aly Osman Mohamed Abdel Latif | 133-142 |
| 22 | Reservoir in Ibadan, Nigeria
Oluseye Oladapo Abiona, Adebajo Jacob Anifowose, Mathew Adewale Adedokun, Jelilah O Abdullah and Oluwadamilola R Bamigbelu | 143-148 |
| 23 | Investigating heavy metal composition in medicinal tree barks
Taiye R. Fasola and O.I Shittu | 149-153 |
| 24 | EFFECTS OF A CARBONACEOUS BOTTLING PLANT EFFLUENT ON ALBINO MICE SPERM MORPHOLOGY AND TESTES HISTOPATHOLOGY
Agunbiade SO, Okonko IO, Alimba CG, Folarin AC, Anugweje KC | 154-160 |
| 25 | The development of critical thinking skills in physics and sociology curricula
Kiumars Azizmalayeri, Ebrahim MirshahJafari, Mostafa Sharif, Mohammad Asgari, Maboud Omidi | 161-167 |
| 26 | Performance Evaluation for New OLSR versus Variant MANET Routing Protocols
Ashraf Diaa El-Den; Hosny Ahmed Motaafy, Ibrahim Fathy Torad; Atef Lofty Salama and Adel Fouad El-Kabbany | 168-176 |
