Abstract: I have conducted many studies on the origin, nature structure and evolution of the universe during the 1970-77 and proposed a new Hypothetical model of cosmology with hundreds or postulations. In 1977, a book was published in the name of IRLPATISM-IRLAPTATI THEORY OF UNIVERSE on the basis of the postulations of the hypothesis by the supporters. The postulations about the universe, existence of god, theory of evolution etc in the book were exposed to the anger of fanatic people and I got into a violent altercation about these postulations of the hypothesis. As a result I was subjected to the suppressions and persecutions. I reported these suppressions and torments to the revenue divisional officer. Amalapuram on 6-7-1977 the revenue divisional officer was conducted an enquiry about this matter on forenoon, July 21st, 1977 while returning from the enquiry, I was attacked by a mob and they had taken me to the village chavadi. Followed by an altercation with tortures about the theory, they beaten and forced me to put signatures on some false documents, and an offence falsely framed and foisted against me. After that I was sent to the taluk magistrate, kothapeta for another trial with the investigation of the superstitions, the taluk magistrate was declared me as a dangerous boy and up to anything and issued sentence to punish me and handed over to the police station, ravulapalem. The police was arrested me on July 21, 1977 registered a case and sent to remand, I was kept imprisoned some months in subjail and remaining period interrogated periodically by panatics and officers. The trials were done between April 2, 1979 to November 20, 1979 after trials, the Honble Additional Judicial First Class Magistrate court was found me not guilty and acquitted on November 27, 1979.

Hypothesis: The cosmos is made up of universes in infinite number, having similar structure and properties, embedded one in each other and extended in ascending and descending order. To explain and justify this model, there are three universes so far known to us (a) Geo-Universe (b) Atomic-Universe (c) Energy-Universe. These three are having similar structure and properties, embedded one in each other and extended in ascending and descending order. Of these three, we known some extent about the internal structure and properties of the Geo-Universe but we do not known its external structure. We know some extent about the external structure and properties of the Energy-Universe but we do not know its internal structure. Between of these three universes, we came to know a large extent about the internal & un external structure and properties of the Atomic-Universe. Hence, I have taken the similarities of external

structure & properties between the Geo-Universe & Atomic-Universe to propose that all the universes in ascending and descending order of the creation are having similar internal structure and properties. The similarities of external structure & properties between the Atomic Universe and Energy-Universe are taken to propose that all the universe in ascending and descending order of creation are having similar external structure and properties. And the manner in which of these three universes i.e., embedded one in each other, extended in ascending and descending

order to propose that all the universes in ascending and descending order of the creation are embedded one in each other and extended in ascending and descending order.

Similar External Structure & Properties

According to the model, all the universes in ascending and descending order of the creation are having similar external structure and properties. To justify this, I have taken many similarities between the atom and photon.

For example:

Atomic-Universe	Energy-Universe
1) The atom appearing in several forms such as Hydrogen to uranium etc., being due to the Internal structure having different atomic particles at various numbers.	1) The particle "Photon" related to energy appearing in several forms such as radio waves, gamma rays, violet rays etc being may be probably due to the internal structure having different particles at various numbers.
2) The atom exhibiting several physical and chemical Properties such as weight, colour, taste, hardness etc being due to the internal structure having different particles at various number.	2) The particle "photon" related to energy exhibiting properties such as wave length colour, temperature etc being may be colour, temperature etc being may be Probably due to the internal structure having different particles at various number.

Similar Internal Structure & Properties

According to the model, all the universes in ascending and descending order of the creation are having similar internal structure and properties. To explain and justify this, I have taken the many similarities between the atomic-universe and Geo-Universe.

Atomic-Universe

- 1) Various atomic particles at different sizes in several numbers are present in the atom.
- 2) These atomic particles having three types of charges at negative, positive and neutral states are present in the atom.
- Geo-Universe
- 3) Positively charged protons are present in the nucleus. charged nucleus are present in
- 4) Neutrons at neutral state are present in the Nucleus.
- 5) Negatively charged electrons are present at large distance of the atomic nucleus in the atom
- 6) Additional neutrons called isotopes are present.
- 7) Radiation emitting from the atom.
- 8) There is a property of nuclear fission is in the atom.

Geo-Universe

- 1) Various astronomical objects at different sizes in several numbers are present in the Geo- Universe.
- 2) These astronomical objects having three type of charges at positive, negative and neutral states are present in the
- 3) Stars built by atoms having positive centre of the Geo-Universe
- 4) Planets at neutral state are present in Centre of the Geo-Universe.
- 5) Here is a concept that anti-matter cosmic bodies built by atoms having negatively charged nucleus are present at large distance of the Geo-Universe.
- 6) Additional planets called satellites around the planets are present.
- 7) Cosmic rays emitting from the Geo-Universe.
- 8) There is a property of super Nova is in the Geo- Universe.

Descending Order Of Creation: The Geo-Universe that means the Universe seen around our earth is having magnificent structure and properties such as galaxies, stars and planets and some planets such as earth having continents, countries, oceans, trees, animals. Cyclones, human beings etc. Such Geo-Universe being built by Universes of its descending order of creation that means atoms.

Atomic-Universe that means the atom present in several forms from hydrogen to uranium etc is another universe having magnificent structure and properties such as electrons, protons, neutrons, etc., and continents, countries, oceans, cyclones, trees, animals, human beings may be present on some neutrons having suitable conditions exactly similar to the earth planet resembling to the Geo-Universe. Such atomic Universe being built by universes of its descending order of creation that means energy particle ‘photons’.

The Energy-Universe that means the particle “photon” related to energy present in several forms of electromagnetic radiation is also another universe having magnificent structure and properties resembling to Geo-Universe and atom. Such Energy-Universe may also being built by Universes of its descending order of creation that is not yet known to us.

Thus the descending order of creation continuous infinitely.

Ascending Order Of Creation: The Energy-universe that means the particle related to energy “photon” having magnificent structure and properties is being as a primary syntactic unit in the universe of its ascending order of creation that means atom. All components in the atom are built by these “photons” in infinite number. Such each and every energy particle “photon” is basis to an infinite descending order of creation.

The Atomic—Universe that means the “Atom” having magnificent structure and properties is being as a primary syntactic unit in the universe of its ascending order of creation that means in our Geo-Universe. All components in the Geo-Universe such as stars, planets etc., are built by these atoms in infinite number. Such each and every atom is basis to an infinite descending order of creation.

The Geo-Universe that means the “Universe” seen around our earth having magnificent structure and properties is being as a primary syntactic unit in the universe of its ascending order of creation that is not yet known to us. All components in that Universe

are built by these Geo-Universes in infinite number. Such each and every Geo-Universe in that ascending creation is basis to an infinite descending order of creation.

Thus the ascending order of creation continuous infinite.

Cosmic-Environments: The fill of structure and characteristics in the universe of the cosmos proposed as **cosmic environments**. For example the fill of structure and characteristics like galaxies, stars, planets etc in the Geo-Universe proposed as **Geo-Environment**, the fill of structure and characteristics like proton, neutrons and electrons etc in the Atomic-Universe proposed as **Atomic-Environment** and the fill of structure and characteristics in the Energy-Universe that means in the photon that is not yet known proposed as **Energy-Environment**.

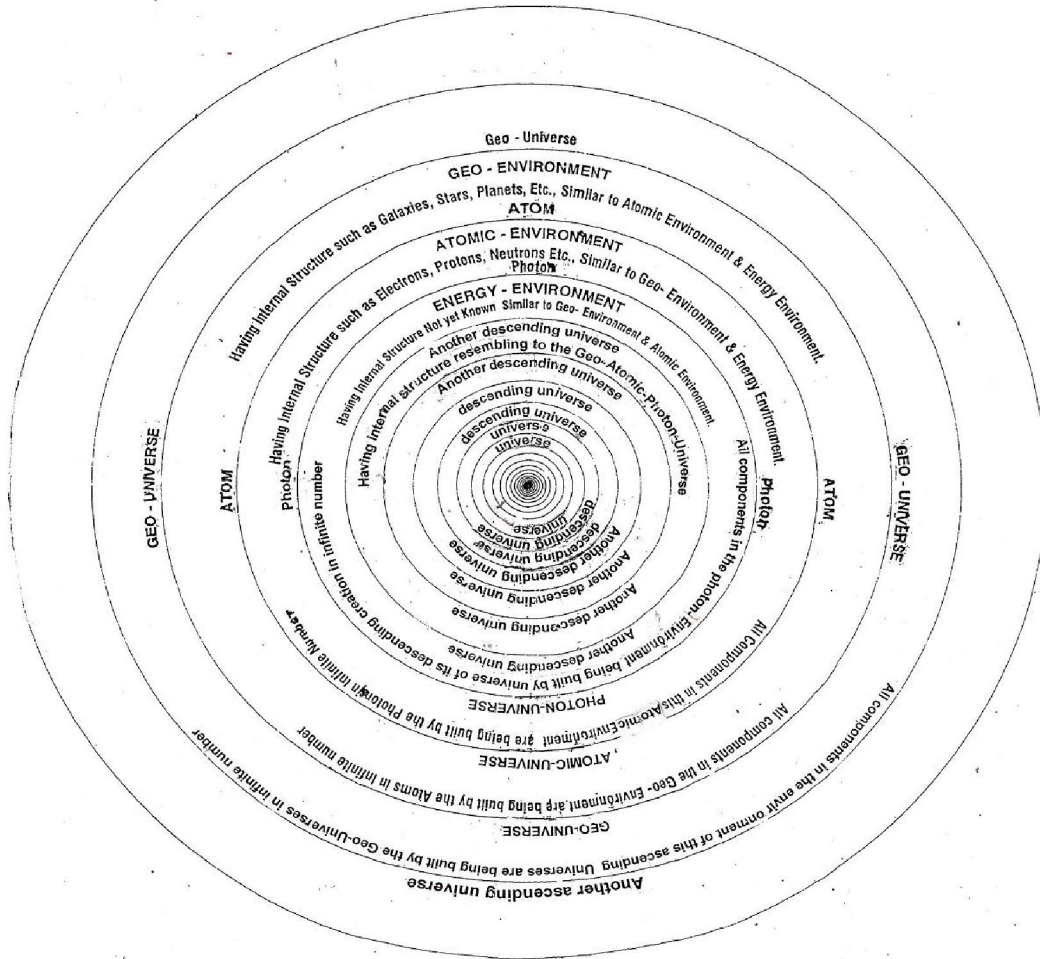

Space Weather: The fill of structure and characteristics like galaxies, Stars, Planets and their orbits and other physical forces etc that surrounds in the universe proposed as **space atmosphere**, the state of galaxies, stars, planets, nebulas. Pulsars etc at a particular region over a long period of time proposed as **space-climate**, the state of characteristics of space-climate like solar wind flares, asteroids etc at a particular region during a short period of time proposed as **space-weather**.

Space Regions: The state of space atmosphere being in still proposed as **“Inactive Space Region”**, the state of space atmosphere being in active proposed as **“Active Space Region”** The region of space atmosphere in which the celestial bodies are more widespread areas proposed as **“Space High Pressure Area”** the less widespread areas proposed as **“Space Low Pressure Area”**.

Space Low Pressure Systems: Some space times happens variation of differences of pressure in the space-climate, At such a juncture, the celestial bodies and other space dust present in the space high pressure area will try to occupy the space low pressure area all at once. In this attempt, they will whirl around the space low pressure. The centre of space low pressure area itself is the black-hole and the circular whirling celestial bodies & other space dust etc caused by the space low pressure area proposed as Galaxy.

Studies Carried Out: many studies were carried out on this Hypothesis and it was successfully proved out in the studies.

Appendices:

Geo:Universe has its own structure and properties, exactly similar to the structure and properties resembling Atom and Energy particle. There are stars, planets, galaxies and life on the earth etc. present in the Geo-Universe.

Atom is gigantic Universe having structure and properties exactly similar to the structure and properties resembling our Geo- Universe. and Energy particle. Just as there are stars, planets, galaxies and life on the earth etc. present in the Geo- Universe, in the same way exactly similar stars, planets, galaxies and life on neutrons etc. may be present in the form of electrons, protons and neutrons in the atom.

Energy particle has internal structure and having three kinds of basic elements proposed and named as Positive energions (PEONS) Negative energions (NEONS) and Neutral energions (NEUONS) it is also another universe named as Energy-Universe having structure and properties exactly similar to the structure and properties resembling our Geo-Universe and Atomic-Universe.

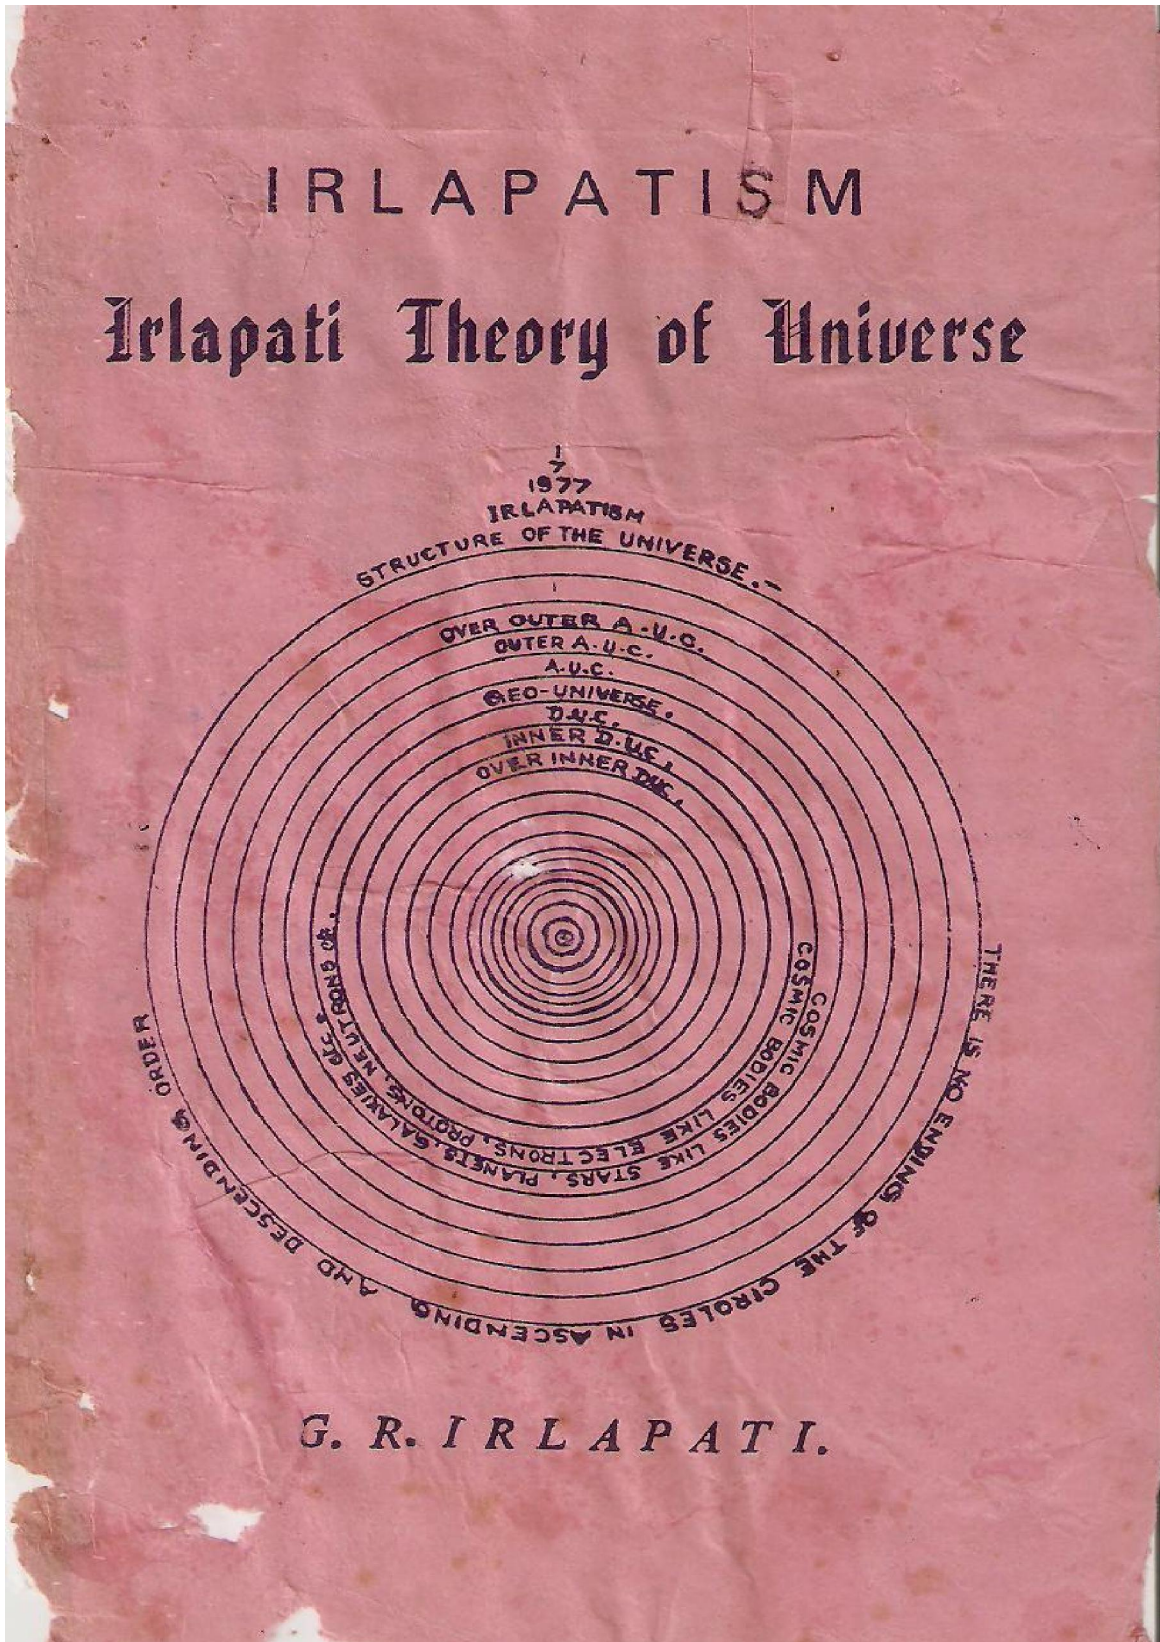

Geo-UNIVERSE has its own structure and properties exactly similar to the structure and properties resembling Atom and Energy particle. There are stars, planets, galaxies and life on the earth etc. present in the Geo-UNIVERSE.

Energy particle has internal structure and having three kinds of basic elements proposed and named as Positive energies (PEONS), Negative-energies (NEONS) and Neutral-energies (NEUONS). It is also another universe named as Energy-UNIVERSE having structure and properties exactly similar to the structure and properties resembling our Geo-UNIVERSE and Atomic-UNIVERSE.

Atom is gigantic UNIVERSE having structure and properties exactly similar to the structure and properties resembling our Geo-UNIVERSE and Energy particle. Just as there are stars, planets, galaxies and life on the earth etc. present in the Geo-UNIVERSE, in the same way exactly similar stars, planets, galaxies and life on neutrons etc. may be present in the form of electrons, protons and neutrons in the atom.

Received a tipped report Taluk Magistrate Kotta Peta with case as follows:-
 Ref: A.2-5873/77 dt 21.7.77 Taluk office Kotta Peta

From: Sri P. Subbarao, C. Com. Taluk Magistrate To: The Station House Officer Ravulapalem.

Sir, Subj: Signature - Forgery Signature - Sri Jalapati Gangadhara Rao of Nerlapalem V. Report of the Revenue Inspector, Amalapuram Ref: Report of the Srivka Rev. Inspector, Amalapuram dt 21.7.77.

The Rev. Inspector Amalapuram, enquired and reported that Smt - Relangi Rattamma wife of Musaliah of Nerlapalem village applied for grant of a tree (Pamini) situated on the north-west portion of her house on which house - is - Patta was granted. On the above Petition the signatures of Village Munsiff, Nerlapalem and the Rev. Inspector, Amalapuram were forged.

The Rev. Inspector, Amalapuram further reported that Smt. Relangi Rattamma in her statement deposed that the son of Sri Jalapati Pullaiah forged the signatures. As such the Rev. Inspector, Amalapuram has called for the individual and arrested in to the matter and reported that he failed Intermediate and left hand - writer. He accepted that he forged signatures and the signatures of the Village Munsiff, Nerlapalem and the Rev. Inspector, Amalapuram. He is a very dangerous boy and is up to anything.

In the above case the name of Sri Jalapati Gangadhara Rao of Pullaiah of Nerlapalem village, the offender in the instant case may be dealt with according to law. Please intimate the action taken in the matter.

1. The following records are enclosed here with duty officiating Magistrate and in closure.

2. Slip containing forged Signature.

3. Statement recorded from Sri Jalapati Gangadhara Rao of Pullaiah of Nerlapalem village.

4. Statement of Smt - Relangi Rattamma wife of Musaliah of Nerlapalem village.

5. Report of the Rev. Inspector, Amalapuram dated 21.7.77.

The offender is produced before you through the Rev. Inspector Amalapuram for taking in to custody.

enforced for verification and enquiry on 21.7.77, contacted P.W. 1 to ask also questions the accused at the village chavidi of Ryali before whom the accused admitted the offence and P.W.4 recorded the statements of P.W.1 and the accused. The accused was produced before the Tahsildar, Kothapeta who forwarded the accused to the Police Station, Ravulapalem along with Exs.pl to P4 The police, Ravulapalem registered Cr.No.53/77 U/s. 420,467 and 471 IPC. Therefore, the accused is liable for punishment under sec. 420,467 and 471 IPC.

3. The case was taken on file against the accused under sec. 420, 467 and 471 IPC. When the accused appeared before this court, copies of documents contemplated under sec. 207 Cr.P.C. were furnished to him and he was examined on the contents of the documents. He denied the offence. On consideration of the documents, a charge under sec. 420, 467 and 471 IPC were framed, read over, interpreted and explained to the accused in Telugu to which he pleaded not guilty and claimed to be tried.

4. The prosecution, in support of its case, examined P.W.1, who wanted to apply patta of the tamarind tree, P.W.2 the village Munsif, Ryali, P.W.3, Village Kannam of Ryali, P.W.4 the Revenue Inspector in whose presence the accused is alleged to have confessed the offence, P.W.5 the Head Constable who registered the crime. P.W.6 the Investigating Officer, P.W.7, the Tahsildar who forwarded the accused and report of P.W.4 to Ravulapalem P.S. and got marked Ex.pl to P6. The accused did not adduce any oral or documentary evidence.

5. After closure of the prosecution evidence, the accused was examined U/s. 313 Cr.P.C. regarding the incriminating circumstances appearing in the evidence of the prosecution against the accused. The plea of the accused is total denial of the offence. He stated that P.W.4 is superstitious and fanatic and that when P.W.4 was telling about God once he told him that human being was born from monkey. Therefore, P.W.4 grew wild in that connection

and that subsequently when he approached P.W.4 to sign on the caste certificate, he demanded Rs. 10/- from him and that subsequently he reported the matter to the Revenue Divisional Officer, Amalapuram about the demanding of illegal gratification of P.W.4. ←
 The R.D.O. Amalapuram has promised to enquire into the matter. ←
 Therefore, this case is falsely foisted against him. when he was ←
 coming from Ravulapalem the village servant took him before P.W.4. ←
 Thereafter he was ~~kept~~ taken to village chavidi where P.Ws. 1 to 4 were present and they beat him and obtained his signature on Ex.P3 and subsequently he was taken to the Pansildar, Kothapeta from there he was sent to Police Station, Ravulapalem and that he is innocent and he did not commit any offence.

6. The point for consideration is whether the prosecution has been able to establish its case against the accused, beyond all reasonable doubt? ←

7. The case of the prosecution is that the accused forged the signature of P.S.4 the Revenue Inspector and Village Munsif, Merlapalem (who is no more alive). Ex.P1 is the petition which contains the alleged forged signatures of Village Munsif, Merlapalem and Revenue Inspector (P.W.4). Ex.P1 is in torn condition. The alleged signature of Village Munsif, Merlapalem is completely torn and the signature of P.W.4 is also torn completely except some portion. It also contains the thumb impression alleged to have been affixed by P.W.1. The prosecution to establish that it is the accused who is responsible for the alleged forgery of signatures of P.W.4 and Village Munsif, Merlapalem relied on Ex.P1 petition and Ex.P2 the slip which is also alleged to have been signed by the accused in the presence of P.Ws. 2 to 4. There is no direct evidence available, in this case, who witnessed the forging of the signatures of P.W.4 and Village Munsif, Merlapalem. Even the alleged signatures are in torn condition. Regarding the statement of the accused recorded by P.W.4 in the presence

..4.. 31

→ is that he was beaten by P.W.4 and others and he was forced to put his signature on Ex.P3 and also Ex.P2. Further, the

→ plea of the accused is that there was altercation between him

→ and P.W.4 with regard to the existence of God and also with regard to obtaining of signature of P.W.4 on the caste certificate. Except, the confession statement of the accused Ex.P3 before P.Ws. 2 to 4, there is no direct evidence to connect the accused with the offences charged against him. P.W.4 is an illeterate. She does not know on which paper the accused obtained her thumb impression. Even for a moment sake, it is presumed that it is the accused who obtained the signature of P.W.1, on Ex.P1, Ex.P1 itself is completely in torn condution and the Tahsildar, Kothapeta who is competent authority to grant patta of the tamarind tree, would not have acted upon the petition Ex.P1. Moreover, the prsecution failed to explain the reason why the accused forged the signature of P.W.4 and the Village Munsif, Merlapalem on Ex.P1 and by forging the signature what is the wrongful gain the accused wanted to obtain. There is no evidence to show that it is the accused who filed Ex.P1 petition and other enclosures in the Tehsil Office, Kothapeta. Further, there is a typed petition filed in this case which contains the recommendation of the Village Munsif and the recommendation of Revenue Inspector-P.W.4. It is not marked by prosecution. To support a conviction U/s. 467 IPC, there must be evidence that the document is a false document within the meaning of section 464 IPC and that it was forged by the accused with some intent mentioned in sec. 463 IPC. It is not sufficient that some possible intent may be inferred from the facts, it is necessary such intent should be established by evidence, which is laching in this case. Under Sec. 420 IPC, there must be evidence that the person deceived delivered to someone, or consented that some person shall retain certain property, that the person deceived was induced by the accused to do as above, that such person

was likely to cause damage or harm to that person in property. There must also evidence of fraudulent or dishonest intention at the time of the omission of the act in respect of which the cheating is alleged. Since the main part of the alleged signatures of P.W.4 and Village Munsif, Merlapalem (who is no more are completely torn and Ex.P1 is in such a condition that the Tahsildar, Kothapeta would not have been acted upon it in granting patta of the tamarind tree to the petitioner i.e., P.W.1. Therefore the question of commission of offences of cheating and thereby dishonestly inducing delivery of property, forgery of a valuable security or authority to make transfer any valuable security and using a genuine a forged document which is known to be forged are not proved against the accused, beyond all reasonable doubt.

In the result, the accused is given the benefit of doubt. The accused is found not guilty of the offences punishable Under sections 420, 467 and 471 IPC. and he is acquitted Under sec. 248(1) Cr.P.C.

Dictated to the Shorthand-writer, transcribed by him, Corrected by me and pronounced in Open Court on this the 27th day of November, 1979 in the presence of the accused.

Dear Shri Irlapati,
Received your letter along with a copy of your proposed hypothetical model of cosmology. You have requested me to make comments on it. I have gone through your model and found that you have quite systematically developed your logic.

With regards,

Yours sincerely,

Dear Jralapati,

Received your recent letter (dated nil) addressed to me and to my research student and also your proposed hypothesis regarding the external universe. I have noted with pleasure that you have also invented some devices for predicting natural events like cyclones, earthquakes etc. Your efforts are praise-worthy. After all we have to do something for the benefit of mankind.

As regards your hypothesis many things should be elaborated. Recent developments in astrophysics etc. should be taken into consideration. It is true that even persons like Wanlikar has some reservation about the big bang theory. Even some nobel laureate like Townes are talking about what happened before big bang etc. So you can also appreciate that we have also limitations. Please continue with your effort.

Yours sincerely

Dear Irlapati,

Your letter dated NIL was received on 10-10-2000. As regards my comments on your paper entitted "A NEW HYPOTHETICAL MODEL OF COSMOLOGY", I can only submit that till date no theory exists which can explain both Microscopic as well as Macroscopic universe. To me your hypothesis appears to be your efforts in that direction. I appreciate your endeavour. Keep it up.

Yours,
