Table 3.

Table with 18 rows and 21 columns showing monthly weather data (T, R, C) for years 2013 through 2016. Includes sub-headers for months like June, July, August, and September, and an overall season summary.

Table 4. Cycles of similar calendar years

I have proposed formulated a list of tables of 21 Weather Cycles similar calendar of year in which Similar weather conditions repeating every year Approximately in the following 21 tables

Table with 21 columns labeled 'Cycle -1' to 'Cycle -21' and multiple rows of numbers representing similar calendar years.
