Abstract: A scientific based research article focus that the whole Cosmo universe and matters of universe including human shall be considered as “**created**” by the Supernatural Human. The Heart of supernatural human considered emanates fundamental creative radiation called “**J-RADIATION**”. The supernatural human shall be called by name “**AKKILEN**”. Akkilen shall mean “**Dark Colour Human**” and Peace Maker. It is speculated that the research focused in this article shall provide solutions to the current misconceptual theories about shape of model Cosmo universe and **origin of first life**. The prehistoric three tiny dot triphthong alphabet shall be considered as the law of Universe and silent alphabet and absolutely free from **sound**.

1. **Introduction:**

This research article partly accepts the philosophy of process of evolution in the Universe but strongly supports the Initial Creation of Universe and matters. **Creation** shall be considered as the “**INFANT**”. **Evolution** shall be considered as becoming “**HUMAN**”.

In this research it is emphasized that all the initially created matters of universe have been undergoing three evolutionary changes in three geological periods. The three evolutionary shapes of matters shall be considered as genetically varied “**three generation matters**”.

The evolution of three generation matters shall be considered due to origin of UV, RF, IR radiations in different phases due to **asymmetry** in relative position of **SUN, EARTH, MOON**.

It is emphasized that the first human shall be considered created by supernatural human through “**J-Radiation**” emanated from the “**Heart**”. The initially created human have been undergoing three genetic changes in three geological periods. The genetically varied three generation human shall be indicated as below:

- i) **A – Man** – Created
- ii) **B – Man** – Ist generation (Pre Ancient time)
- iii) **C – Man** – 2nd generation (Ancient time)
- iv) **D – Man** – 3rd generation (Modern time)

2. **Previous Publication:**

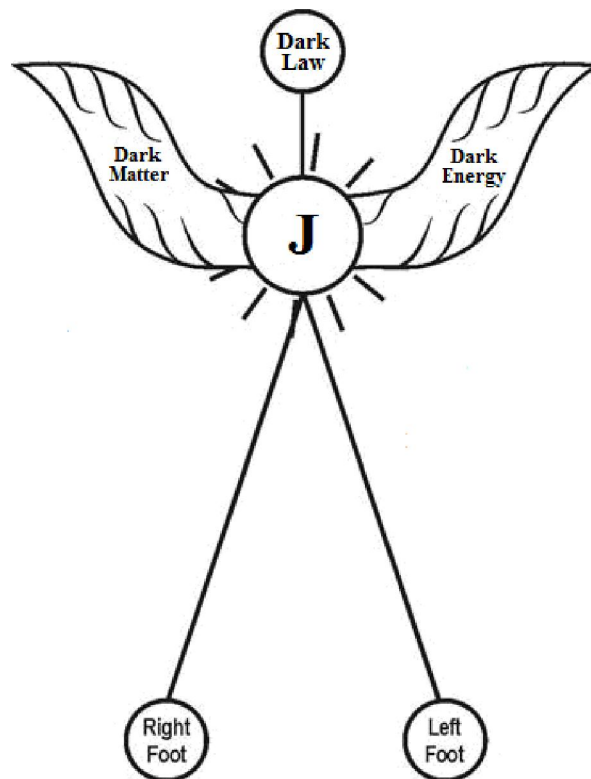

The philosophy of origin of first life and human, the philosophy of model Cosmo Universe, the philosophy of fundamental neutrino particles have already been published in various international journals mentioned below. Hence this article shall be considered as **extended version** of the previous articles already published by the same author.

3. **Hypothesis:**

1) The supernatural human shall be considered having definite structure as indicated below. the supernatural human shall be considered having infinite level of **Dark Energy**, **Dark matter** required for initial creation of universe.

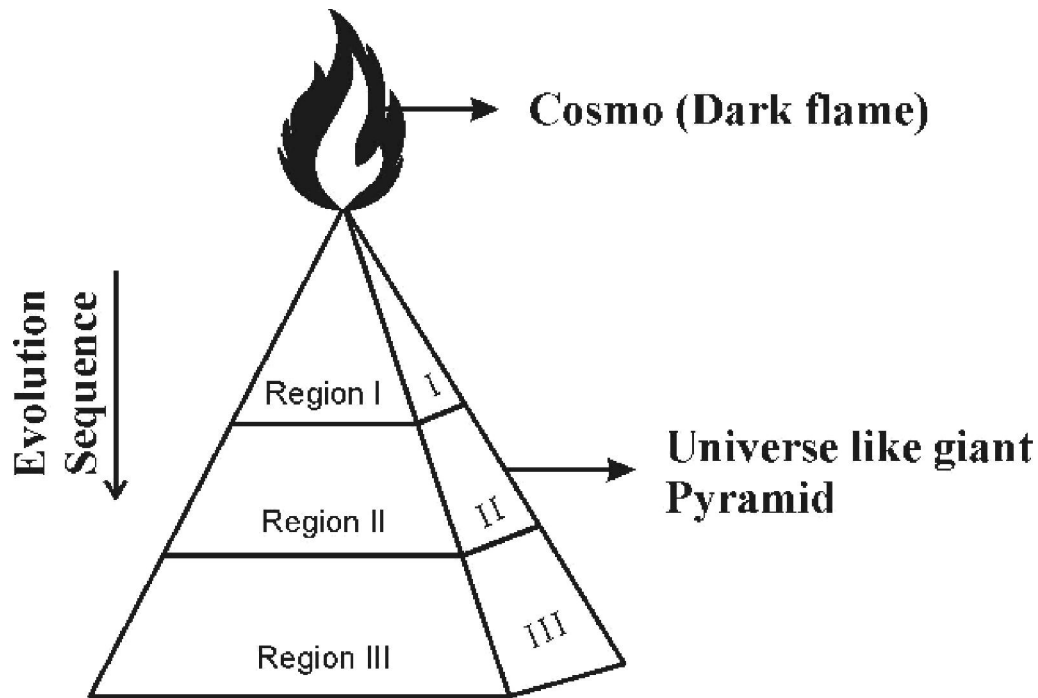

(AKKILEN)

Bible source:

Bible evidence shows that prehistoric human populations are capable of flying in the sky
 (Ps 91:4, Ps 36:7, Ruth 2:12, Luk 2:10-13, Mal 4:1-5).

2) The whole Cosmo universe shall be considered created by Supernatural human. The created universe shall be considered having definite shape. **SUN, EARTH, MOON** shall be considered as **three-in-one** base of Cosmo universe. The three-in-one regions of universe shall be considered **gravitationally** attracted under Dark Flame. The Dark flame shall be considered as the source of infinite level of Dark energy, Dark matter.

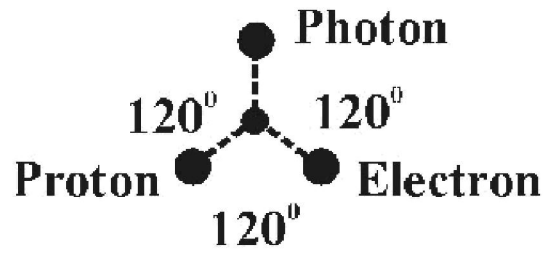

Model Created Universe (AKKILEM)

- Region – I ..Antineutrinos radiation region (Black radiation)
- Region – II .. Neutrinos radiation region (Stardust radiation)
- Region – III .. EMR and Matter region (Einstein region)

The Cosmo region shall be considered as the highly **Cold** region emitting Black radiation. Region III shall be considered as the highly **hot** region.

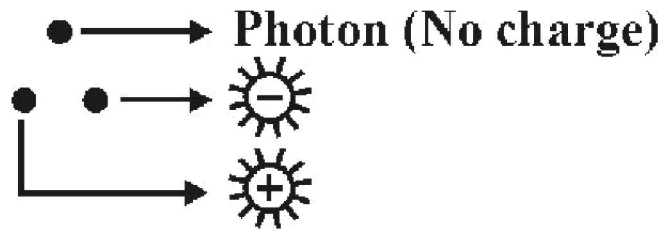

3) The Region III of Universe shall be considered as Heart of Supernatural human emanates Billions of creative “J-radiation” “J” shall be considered as the “**Heart**” of supernatural human. Every ray of radiation shall be considered as the creative “**Soul**” of every matter. Origin of first human shall be considered as one of the **billions of rays**. Every ray shall be considered as having distinguished genetic and molecular structural valve. Every ray shall be considered as composed of “three-in-one” most fundamental neutrino particles **PHOTON, ELECTRON, PROTON** having sustained oscillations. The three fundamental neutrinos shall be containing negligible mass (close to zero) and having distinguished **optic, electric, magnetic and charge properties**.

(i)

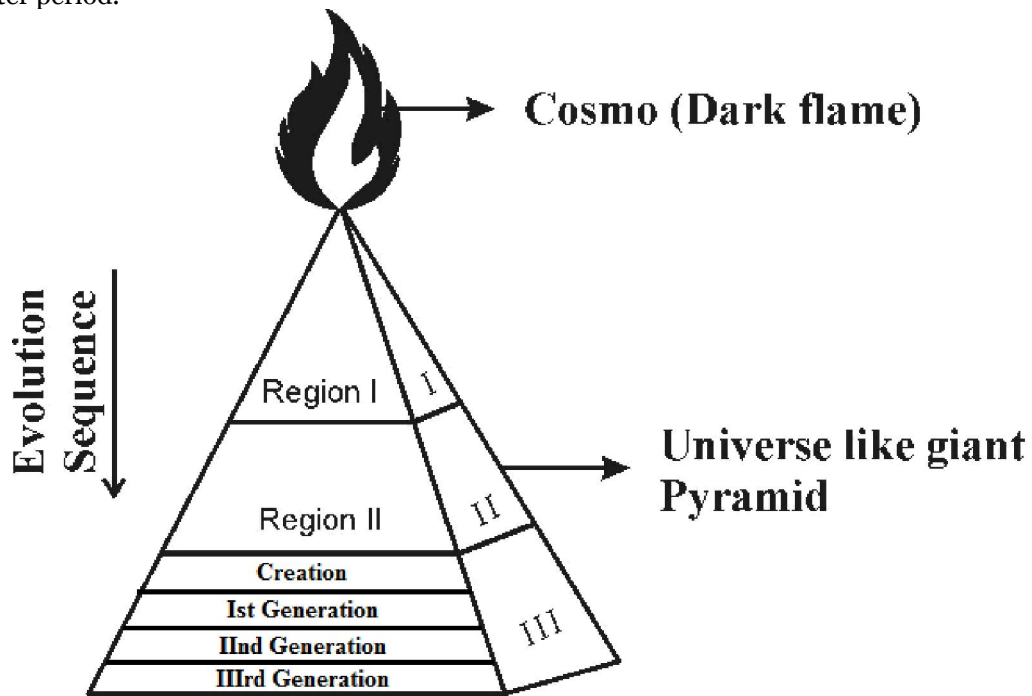

(Neutrino Oscillation)

(ii)

4) The initially created matters have been undergoing three evolutionary changes in three geological periods. the existence of three generations of matters in different regions shall be indicated as below. The initially created human shall be considered lived in upper region in prehistoric time close to **“MARS PLANET”**. The 2nd generation, 3rd generation human probably started living on **EARTH** at much later period.

(3G EVOLUTION)

5) Every ray of J-Radiation shall be considered as made up of neutrino cells. The smallest unit of each ray shall be called as “**J-CELL**”. The philosophy of Biological cell molecular structure composed of **DNA, HORMONE, RNA** might be derived from the philosophy of “**J-CELL**”.

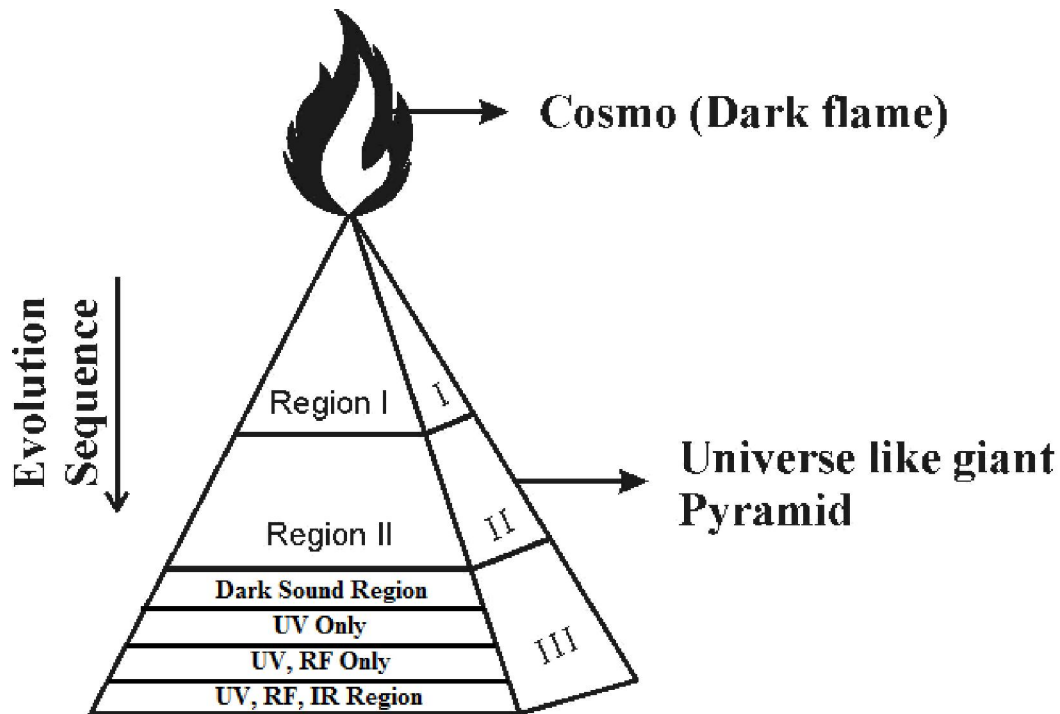

4. Hypothetical Narration

a) Philosophy of Word “**PEACE**”?

It is focused that currently there are so many theories about origin and meaning of word “**PEACE**” and “**SILENCE**”. the general meaning of peace and silence are narrated as something concerned with freedom from disturbance, calmness, lack of Audible sound absence of communication etc.

It is hypothesized that the philosophy of word “**PEACE**” shall be concerned with more in depth meaning in the creation philosophy of universe and matters. It is focused that **PEACE** shall be concerned with, “**Absolute silence**” and free from “**SOUND**” Energy. The region of the material universe where the creation was made shall be considered as absolutely silence and peace area and the region where “**SOUND**” is absent. The absolute sound free environment shall be called as “**DARK SOUND**”.

It is focused that in the early universe the creation region shall be considered as not only sound but also free from Light, Heat. During the course of expanding universe in three geological periods **LIGHT, SOUND, HEAT** might have been originated due to origin of **UV, RF, IR**. The creative region shall be concerned with only J-radiation which shall be considered as absolutely pure radiation and free from component of **LIGHT, SOUND** and **HEAT**. The existence of **UV, RF, IR** region shall be indicated as below:

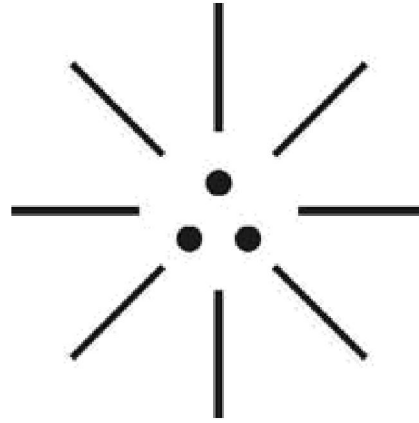

(3G EVOLUTION)

“Peace region shall be defined as the region where only “J-Radiation” exist and absolutely free from light, sound and Heat component”

– Author.

Further in peace making process three-in-one fundamental parameters shall be considered required for attaining “**absolute peace**”.

The right dot “**LOVE**” shall be considered as functional part; left dot “**MERCY**” shall be considered structural part; centre dot “**TRUTH**” shall be considered as “**SOUL**” part of PEACE.

b) Philosophy of “MUSIC”?...

The philosophy of music shall be considered originated from the source of “PEACE” (or) absolutely sound free environment. The origin of first uniform organized music emanated from Neutrino Oscillation shall be considered as “**white sound**”. c) Philosophy of word “AMEN”?...

Case study shows that the word Amen is normally used at the end of prayer, Hymn meaning “**so be it**” or “**Truly**”. The word Amen is considered originated from Hebrew derived from “**Aman**”. In arabic the word Amen is considered derived from tri-lateral common root word “**Amana**”.

It is hypothesized that the philosophy of word “Amen” shall be considered closely associated with creation of universe and matters. The word Amen shall be considered as Three-in-one **creative scientific logic** composed of billions of “Sub logic programe”. The Amen logic shall also be called as “**J-Logic**”.

- a) Right dot – Functional (**DNA**)
- b) Left dot – Structural (**Hormone**)
- c) Centre dot – Soul (**RNA**)

It is focused that the etymology of word “Amen”, “Aman”, “Amana” might be derived from the prehistoric tamil phonetics “Aum”, “Ammu”, “Ammutham”. Aum, Ammu, Ammutham shall mean “Scientific creative logic”.

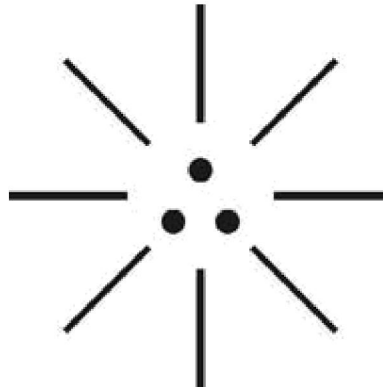

“The philosophy of ‘Amulet technology’ might be derived from the philosophy of ‘Ammu logic’ ”.

- Author

d) AMEN is “Divine Anthem”?...

It is focused that men shall be considered as “Divine Lullaby” rather than Divine Anthem. Amen shall be considered as creative lullaby in the early universe. The creative lullaby shall be considered as three-in-one creation logic. The creation Divine lullaby shall also be called as “**J-Lullaby**”.

(J-Lullaby)

- a) Right dot – “**ARARO**” (Functional)
- b) Left dot – “**ARIRO**” (Structural)

In medical term the J-lullaby shall be considered equivalent as follows:

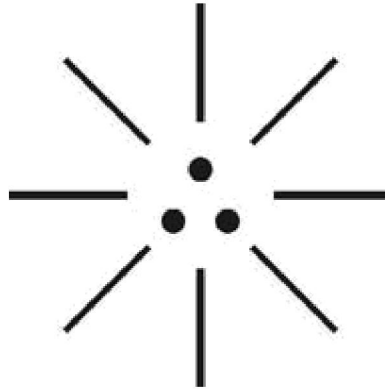

- a) ARARO – “DNA”
- b) ARIRO – “HORMONE”
- c) ARI – “RNA”

“The philosophy of Lyric, Hymn, Anthem, Alleluiah, Glory Harohara, might be derived from the philosophy of ‘AMEN’ ”

- Author

The “AMEN” shall be considered as absolutely silent lullaby and free from Light, Sound, Heat environment. Amen shall be considered as the **mother of music and sangeetham**. The etymology of word song, sangeetham might be derived from the philosophy of prehistoric Tamil word “**SANKU**” (throat)

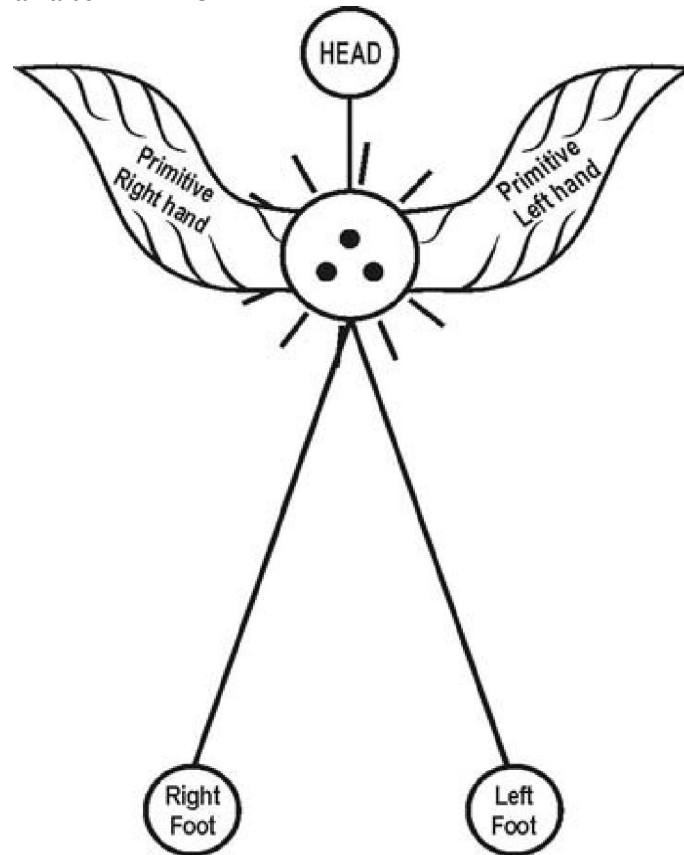

Sanku shall mean integral part of fundamental three-in-one human sound making element.

It is focused that the entire Cosmo universe shall be considered as Cosmo cradle and the supernatural Akkilen shall consider comfort us with J-Lullaby to promote “**PEACE**”. The J-Lullaby shall be considered as absolutely sound free silent lullaby which can’t be sensed by normal human ear. The region of J-Radiation shall be considered as swing point of the cradle.

h) Philosophy of Stem cell?...

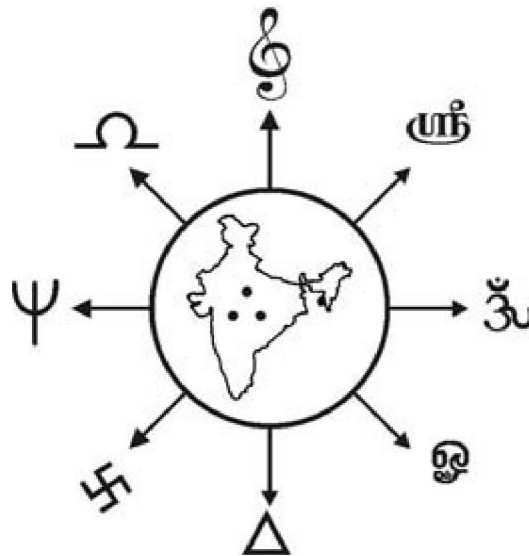

Case study shows that stem cell is considered as undifferentiated cell of a multi cellular organism which is capable of giving rise differentially more cells of the same type and from which certain other kinds of cells arise by differentiation.

It is focused that the philosophy of stem cell might be derived from the philosophy of “**J-Cell**”. J-Cell shall mean composed of Three-in-one fundamental Neutrino particles exist in the Sound free environment having creation effect. It is focused that the fertilization of egg shall be considered taking place under absolutely sound free environment for the period up to 15 to 25 days. The first heart beat sound is considered as produced after about 25 days from the fetus. It is focused that Life shall be considered as originated from absolutely sound free environment which is considered as “**AMEN**”.
