World Rural Observations **is a peer reviewed international journal with a purpose to provide a forum on rural problem discussions, enhance our knowledge and opinion dissemination in the world. Any valuable paper that describes natural phenomena and existence of countryside development and management, rural society and economy, agricultural scientific and technology, agricultural resources and environment, farmer's life, culture and educations or any reports that convey rural scientific research and pursuit is welcome. Papers submitted could be reviews, objective descriptions, research reports, opinions/debates, news, letters, and other types of writings that are rural observations related. All the manuscripts will be processed in a professional peer review. After the peer review, the journal will make the best efforts to publish all the valuable works as soon as possible.**
